

VOLUNTEERS NEEDED FOR THE A4DE!

Running the A4DE is a huge job as you all well remember from the Wyong event! We would like to ask if anyone out there in CCDR was interested in volunteering to help out at the 2010 A4DE at Portland? The event is run from 8 - 11 April (so it's in the school holidays!) and we would love to have helpers for the Time Controls and Special Tests.

We hope to make this a fantastic A4DE - there is a new course planned each day for Days 1 and 2 with Day 3 being a mix of best bits of the previous days. There is also up to 10 tests per day for Days 1, 2, and 3. We have had a lot of help from the local club, Central Tablelands MCC with the set up and now we need to run the event the best way we can!

If you can come along and help us, please let me know asap by email rlbraico@bigpond.net.au. All event details, news and views are available on our website

<http://www.a4de2010.com.au>

Hope to see you there!
